The MG AZ has been a control tyre in Australia for the past 11 years. Recently it was reconfirmed as the AKA control tyre for Junior Clubman, all Senior Clubman, Formula Australia, Restricted 125, TaG 125 and Sportsman classes until 2013.

KartSport Online

To date 490 members have registered at KartSport Online. By setting up access members are able to enter and pay for event entries, Club memberships and other Club events/functions quickly and with security. The Online event entry system can feed directly into the AMB race day management programme, including your transponder number, thus making it easier for your Club's race control team.

Registration also enables participation in surveys and access to survey results.

Over the next six months the Online site will receive further upgrades including:

- improved layout to separate event entry from Club memberships, surveys, etc.
- limited access to our member database so that members can keep their contact address, phone numbers and email addresses up to date.
- online Licence renewal.

If you are not currently registered you are encouraged to make the effort. It only takes a few minutes. [Click here](#). You will need to check your Licence for your four digit Member Code. This is printed on the inside front cover of your Licence.

KartSport Online has been developed with the assistance of one of our major national sponsor partners, [Paymark](#).

Reminder

FUEL

Mobil Pump Petrol has been removed from Rule L4.1 until further notice due to ethanol blends being sold by some Mobil outlets.
