Rule Changes

2013-5, 2013-6 and 2013-7

Recent **Rule Changes Issues** can be viewed [HERE](#).

Issue 2013-7 contains all the specifications and related rules for the new **Vortex Kiwi Mini Rok** engine which is eligible for competition for Cadet and Junior Restricted Age Groups from 1-1-14.

All of these changes will be incorporated in the 2014 Manual.

2014 Manual

At its last meeting the Executive decided to no longer print and distribute the Manual to Licence holders. Most people now access such publications on-line, with tablets and smart phones now the norm trackside.

While hard copies will still be provided to all Clubs, Race Officials and Technical Officers, all other members will need to access the Manual from the [KartSport New Zealand website](#). Hard copies will also be available for sale via [KartSport On-Line](#).

For the 2014 edition each Section will be available for download individually. During the year the Manual will be transferred to a new on-line document viewer which will include any updates/changes made during the year. This will eliminate the need to check individual Rule Update Issues.

All new members will receive **Section H Flags** with their new Licence.
